## Invitation from the Chairman of 3APFA 2009

Dear Colleagues,

On behalf of the Asian Journal of Andrology (AJA) and the Organizing Committee, I wish to extend to everyone with great concerns about men's health my cordial invitation to attend the Third Asia-Pacific Forum on Andrology (3APFA), in conjunction with the Tenth Anniversary Celebration of AJA, to be held on October 10–13, 2009, Nanjing, China.

The theme of this Forum is “Environment, Life Style & Genetic/Epigenetic Factors and Men's Health”, endeavoring to explore the profundity and diversity of the contributing factors to men's health.

The Scientific Committee, under the guidance of the Advisory Committee, designed a comprehensive scientific programme concentrating on one vital issue and embracing a large range of important aspects including:

- 1 Men's Health: Global and Regional Perspectives
- 2 Sperm Biology and Fertilization
- 3 Male Infertility and Assisted Reproductive Technology
- 4 Male Sexual Dysfunction
- 5 Male Ageing, Androgen Deficiency and Therapy

- 6 Prostate Diseases and Prevention, Diagnosis & Treatment of Prostate Cancer
- 7 Environment Hazards to Men's Health
- 8 Prevention of Life-threatening STDs/HIV Infections
- 9 Prevention of Overpopulation and Male Contraception
- 10 Alternative/Traditional Medicine and Andrology

With an aim of bridging the communication between the lab and the clinic, we deeply believe that the Forum deserves the attention from not only basic scientists but also clinicians in the field of andrology.

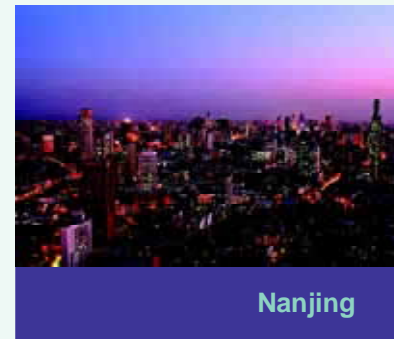

Besides the traditional plenary lectures and symposia we have innovatively introduced in the programme "Panel Discussion on Holistic Concept on Men's Health, Health Determinants and Health Promotion" and "Public Consultation" sessions. "Panel Discussion" session allows an all-dimensional discussion among scientists, clinic doctors, public, media, and policy makers. "Public Consultation" session brings doctors out of the clinics to the public hall and allows the public to touch more knowledge on men's health in a relaxed and friendly atmosphere. In its Tenth Anniversary Celebration, AJA will express a great deal of gratitude to people who support and contribute to its development in various ways, and will review the past, summarize the present and shape the future.

In addition, there are several satellite workshops with topics on male infertility, erectile dysfunction, prostate disease, andrology in ARTs, LOH, *etc.* A specific session for WHO standard semen analysis manual (5th edition) will also be organized during the Forum.

We look forward to welcoming you to the 3APFA, Nanjing, China, which no doubt will be a memorable occasion for fruitful interchanges of ideas and the development of long-lasting friendship in the coming years.

Prof. Yi-Fei Wang  
Chairman of Third Asia-Pacific Forum on Andrology  
Executive President of Asian Society of Andrology  
Editor-in-Chief of Asian Journal of Andrology

## Invitation from the Chairman of Local Organization Committee of 3APFA 2009

Dear Colleagues:

On behalf of the Local Organizing Committee, I sincerely invite you to attend the Third Asia-Pacific Forum on Andrology (3APFA), in conjunction with the Tenth Anniversary Celebration of Asian Journal of Andrology, which will be held in Nanjing, China on October 10–13, 2009.

The theme of the forum is “Environment, Lifestyle & Genetic/Epigenetic Factors and Men’s Health”. Ten topics covering hot issues in current research field of men’s health have been set up and several internationally reputable experts in related fields will be invited to present their views on these aspects. During the Forum, several satellite meetings on andrological surgery, laboratory research of Assisted Reproductive Technology (ART) and other popular andrological aspects will take place and Chinese Session will be held particularly for

Chinese andrologists. Since 2009 is the 10th Anniversary of Asian Journal of Andrology (AJA), the celebration ceremony will be held during the Forum. As the host, we are honored to take this opportunity to co-organize this forum with Shanghai Institute of Materia Medica, CAS and Shanghai Jiao Tong University. We do believe that this meeting will offer a platform for fruitful exchanges and communication among researchers all over the world.

Nanjing, locating at the foot of Zhongshan Mountain, near Yangtze River, is one of China's historical and cultural cities. October is the clear and crisp days of autumn in Nanjing, with the orange osmanthus blossoming with fragrance. During the meeting, the Local Organizing Committee will carefully arrange rich and colorful social activities, allowing you to enjoy the beautiful natural scenery and city culture landscape besides the academic exchanges. We believe Nanjing, as the ancient capital of the Six Dynasties, will give you an indelible impression.

The whole Local Organizing Committee of 3APFA are looking forward to meeting you in Nanjing, China!

# Keynote Speakers (I, incomplete)

## Prof. Yi-Fei Wang

Chairman of the Third Asia-Pacific Forum on Andrology; Editor-in-Chief of Asian Journal of Andrology

### Main scientific interests

Reproductive biology, reproduction health

### Tentative speech

Opening Speech: Health-Oriented Andrology-Reflections and Prospect

## Prof. David de Kretser

Governor of Victoria, Melbourne, Victoria, Australia; Director of the Monash Institute of Medical Research in Melbourne, Australia; Chairman of Advisory Board of Asian Journal of Andrology

### Main scientific interests

Reproductive biology, infertility and endocrinology

### Tentative speech

Biomedical and Social Determinants of Men's Health Deficits

## Prof. David J Handelsman

Reproductive Endocrinology & Andrology Director, ANZAC Research Institute, Sydney, Australia; Deputy Editor-in-Chief of Asian Journal of Andrology

### Main scientific interests

All aspects of male reproductive health, medicine and biology

### Tentative speeches

1. Closing Remark
2. Keynote speech is under determination

## Prof. Jens P E Bonde

Department of Occupational and Environmental Medicine, Bispebjerg University Hospital, Denmark

### Main scientific interests

Environment and human reproductive health

### Tentative speech

Occupational Hazards in Male Reproductive Health

## Prof. Arthur L Burnett

Director, Basic Science Laboratory in Neurourology; Director, Male Consultation Clinic; Johns Hopkins Medical Institutions, USA

### Main scientific interests

Sexual medicine, major pelvic reconstruction, voiding dysfunction, female urology, and prostate cancer

### Tentative speech

ED Management for the Future

### Prof. Chawnshang Chang

George Whipple Lab for Cancer Research, Department of Pathology, University of Rochester Medical Center, Rochester, USA; Regional Coordinator of Asian Journal of Andrology

#### Main scientific interests

Sex Hormones through his pioneering studies on the molecular mechanism of the androgen receptor and its biological functions

#### Tentative speech

Genomic and Non-Genomic Mechanisms in Androgen Action

### Dr Trevor G Cooper

Head, Andrology Laboratory, Institute of Reproductive Medicine of the University, Münster, Germany; Advisory Board member of Asian Journal of Andrology

#### Main scientific interests

Semen analysis, spermatogenesis, epididymis, male infertility

#### Tentative speeches

1. Understanding Sperm Function
2. WHO Semen Analysis Manual (5 edition) and Reference Values

### Prof. Martin Dym

Department of Biochemistry and Molecular & Cellular Biology, Georgetown University Medical Center, Washington, USA

#### Main scientific interests

Molecular biology aspects of testis development

#### Tentative speech

The Unlimited Potential of Spermatogonial Stem Cells

### Prof. Ralf Henkel

Deputy Chairperson and Research Coordinator, Department of Medical Biosciences, University of the Western Cape, South Africa; Regional coordinator of Asian Journal of Andrology

#### Main scientific interests

The impact of reactive oxygen species on sperm functions, fertilization and pregnancy; biochemistry of the outer dense fibres and their involvement in the generation of motility as well as the investigation of traditional remedies in andrology and their impact on male reproductive functions.

#### Tentative speech

Sperm Preparation: State-of-the-Art

### Prof. Aleksander Giwercman

Scanian Andrology Centre, Fertility Centre, Malmö University Hospital, Sweden; Advisory Board member of Asian Journal of Andrology

#### Main scientific interests

Gene-environment interaction and male reproductive function, cancer, cancer treatment and reproduction, clinical aspects of sperm DNA damage

#### Tentative speech

Gene-Environment Interaction and Male reproductive Function

## Keynote Speakers (II, incomplete)

### Prof. Timothy B Hargreave

Department of Oncology, Edinburgh University, Western General hospital, Edinburgh, UK; Member of Scientific and Ethical Review Group UNDP/UNFPA/WHO/ World Bank Special Programme of Research, Development and Research Training in Human Reproduction, World Health Organisation, Geneva

#### Main scientific interests

General urology, male Fertility, microsurgical vasectomy reversal, no scalpel vasectomy, testicular disorders including testicular pain, prostate disease and penis erection problems including Peyronie's disease

#### Tentative speech

Circumcision and HIV Prevention

### Prof. Louis J Gooren

Department of Endocrinology, Vrije Universiteit Medical Center, Amsterdam, the Netherlands; Regional coordinator of Asian Journal of Andrology

#### Main scientific interests

The role of androgens/estrogens in 1) male health, particularly with regard to ageing, 2) male sexual functioning and 3) disorders of sexual differentiation including transsexualism

#### Tentative speech

Androgens and Male Ageing: Current Evidence of Safety and Efficacy

### Prof. J Anton Grootegoed

Department of Reproduction and Development, Erasmus MC-University Medical Center, Rotterdam, The Netherlands; President of the International Society of Andrology (2005-2009); Advisory Board member of Asian Journal of Andrology

#### Main scientific interests

Gonadal development, sex differentiation and gametogenesis in mammalian species, including some work on cancers of the reproductive system

#### Tentative speech

Genetic Mechanism Affecting Spermatogenesis

### Prof. Philip S. Li

The New York Presbyterian Hospital-Weill Medical College of Cornell University, New York, USA

#### Main scientific interests

No-scalpel vasectomy, microsurgery and male reproductive physiology

#### Tentative speech

Microsurgery in Andrology

### Dr De-Yi Liu

Department of Obstetrics & Gynecology, University of Melbourne, Royal Women's Hospital, VIC, Australia; Regional coordinator of Asian Journal of Andrology

#### Main scientific interests

Human sperm function, assisted reproductive techniques (ART) and male infertility

#### Tentative speech

Evaluating Sperm Function

### Associate Prof. Peter Y Liu

NHMRC Career Development Fellow, Department of Andrology, Concord Hospital and ANZAC and Woolcock Institutes, University of Sydney, Australia; Editorial Board member of Asian Journal of Andrology

#### Main scientific interests

Male fertility and its regulation, the endocrinology of sleep and sleep disordered breathing, metabolic actions of androgens and gonadal axis physiology

#### Tentative speeches

1. Progress and Prospects for Hormonal Methods
2. Androgens, Obesity & Sleep

### Prof. Premendu P Mathur

Department of Biochemistry & Molecular Biology and Co-ordinator, Centre for Excellence in Bioinformatics, Pondicherry University, India; Regional coordinator of Asian Journal of Andrology

#### Main scientific interests

Male reproductive system

#### Tentative speech

Natural Product Toxicology and the Testis

### Prof. Robert McLachlan

Prince Henry's Institute of Medical Research, Clayton, Australia

#### Main scientific interests

Male reproductive medicine, especially in male fertility and androgen physiology

#### Tentative speech

Clinical Management of Male Infertility

### Prof. Roger Short

Department of Obstetrics and Gynaecology, University of Melbourne, Australia; Advisory Board member of Asian Journal of Andrology

#### Main scientific interests

HIV/AIDS prevention, how topical oestrogen, applied to the male foreskin, may be able to prevent HIV from entering the penis

#### Tentative speech

Non-surgical HIV prevention

### Prof. Yong-Lian Zhang

Academician, CAS; Head of Sex Hormones Action Laboratory, State Key Laboratory of Molecular Biology, Shanghai Institute of Biochemistry, CAS; Chairman of Advisory Board of Asian Journal of Andrology

#### Main scientific interests

Sperm maturation related epididymis-specific programmatically expressed novel genes. She is the Editorial Board Member of the Asian Journal of Andrology

#### Tentative speech

Under determination

# Tentative Scientific Program

**Opening Ceremony**

**Keynote Speech Sessions**

**Oral Presentations**

**Free Communications**

**Poster Sessions**

**Special Session for Chinese (1/2 day)**

**Satellite Workshops or Courses**

1. Male Infertility
2. Erectile Dysfunction
3. Prostate Diseases
4. Laboratory Investigation for ART
5. A Specific Session for WHO Standard Semen Analysis Manual (5th edition)
6. Partial Androgen Deficiency in Aging Men
7. Andrological Surgery Workshop (Video)
8. Others

**Panel Discussion on “Holistic Concept on Men’s Health, Health Determinants and Health Promotion”**

## AJA 10th Anniversary Celebration and Editorial Board Meeting

### Public Activities

1. Public consultation
2. The Exhibition for science research and science popularization

### Social Activities

1. Welcome Reception (standing buffet)
2. Chairman Invited Banquet
3. Site-visit to relevant Labs or Hospitals
4. Tour
5. Others

### Closing Ceremony

#### Important Dates

Deadline for Abstract Submission	May 31, 2009
Deadline for Early Registration	May 31, 2009
Deadline for Late Registration	Sep 30, 2009
Deadline for Online Registration	Sep 30, 2009

## Trade Exhibition

A technical and trade exhibition open to both the meeting and the public will take place in conjunction with the Forum. The exhibition is open to pharmaceutical companies, manufacturers of biomedical or environmental equipment, tools or reagents, molecular biology supply companies, computer manufacturers, software providers and publishers of scientific books, etc. For further information, please contact the Forum Secretariat.

**Application deadline: 31 Sep, 2009**

**Contact:** Ms. Qin-Zhu Zheng, Miss. Ling-Yan Ji

**Address:** Editorial Office, Asian Journal of Andrology, 3rd Floor, Building 16, 294 Taiyuan Rd, Shanghai 200031, China

**Phone:** +86-21-5492 2824 **Fax:** +86-21-5492 2825 **E-mail:** apfa@sibs.ac.cn; aja@mail.shcnc.ac.cn **URL:** <http://www.AsiaAndro.com/3apfa>

***Introduce your products to the targeted attending representatives by live performance or demonstration.  
A great opportunity to open or expand your market in China!***

# Call for Abstracts

**Online Submission:** <http://www.asiaandro.com/3APFA>

**Deadline for Submission:** May 31, 2009

The Scientific and Program Committee of the Third Asia-Pacific Forum on Andrology invites all interested individuals (both invited speakers and contributors) to submit abstracts for presentations. Participants with no abstract submission are also welcome. On the basis of the quality of contents, abstracts accompanying by the registration fees may be arranged: 1) to be published in *Asian Journal of Andrology*; 2) to be selected as the Oral Presentation in the Forum; 3) to be selected as the Poster Presentation; 4) to be published in the Proceedings of Third Asia-Pacific Forum on Andrology.

## Instructions for Submitting Abstracts

1. The abstracts should be written and presented in English.
2. All abstracts should be composed in the following order to include: Aim, Material and methods, Results and Conclusion. The format and submission guidelines are available at the forum website.
3. The abstracts should be within 400–800 words.
4. A number of the abstracts will be selected for oral presentations during the symposia.
5. Abstracts accepted will be published in the forum proceedings (supplementary to *Asian Journal of Andrology*). Only the abstracts of registered authors accompanied by the appropriate fee will be included in the program and the proceedings.
6. Only on-line submission through <http://www.asiaandro.com/3APFA> is allowed. Submission by E-mail, fax or airmail is not allowed. Please consult the secretariat when online submission is inaccessible.
7. Anyone who is interested in presentation should submit an abstract no later than May 31, 2009.
8. For further information, please visit the Forum website at <http://www.asiaandro.com/3APFA>.

## Registration

Please complete registration through the Forum website at <http://www.asiaandro.com/3APFA>. If online registration is not available, please consult the 3APFA secretariat by email or phone. The hard copy of registration is only acceptable for those who could not access to the Internet or Group Registration. Applications for registration not accompanied by the appropriate fee will not be accepted. The on-line registration system will close at 18:00 on Sep 30, 2009 (local time). All registrations received after this time will be considered as on-site registration. For the benefit of lower registration rates, it is strongly recommended to make early registration by May 31, 2009, and late registration from June 1 to Sep 30, 2009.

### Registration fee

Category	Early Registration <By May 31, 2009>	Late Registration <June 1–Sep 30, 2009>	On-Site Registration
Regular Participant	RMB4500	RMB4800	RMB5200
Student <sup>1</sup>	RMB1700	RMB2000	RMB2400
Accompanying Person <sup>2</sup>	RMB2100	RMB2100	RMB2100
Group <sup>3</sup> (10 or more)	RMB3600	RMB3900	RMB4200

All above registration fee depends on the fluctuation of RMB (renminbi) currency. Please consider RMB as the best payment currency. If you would like to pay in USD, the exchange rate will be measured at the same day when you paid by bank or by bank draft. For example, RMB 4500 is equal to USD 658.376 (if the exchange rate is 6.835).

<sup>1</sup>The Student Certificate must be provided at the on-site registration table, otherwise the full registration will be charged.

<sup>2</sup>Accompanying persons are limited to family members and not allowed to attend scientific sessions.

<sup>3</sup>Students and accompanying persons can not be included in Group registration. All group registrations (minimum 10 participants) for 3APFA 2009 must be submitted by using the respective group registration form (download at <http://www.asiaandro.com/3APFA>).

### Registration fees for the Delegate include

Admission to the opening ceremony, welcome reception, all scientific sessions, exhibit & break areas, daily lunchboxes, delegate kit and meeting materials.

### Registration fees for the Accompanying person include

Admission to the opening ceremony, welcome reception and daily lunchboxes.

## Payment Details

- \* Full payment before the given date is recommended.
- \* The Conference Registration must be submitted with the Payment of a bank draft, or bank transfer, otherwise the registration will not processed.
- \* Receipts will be provided at the on-site registration desk.

### Bank Transfer

Bank transfer from your bank may be made directly to the account below. All incurred fees charged by the processing banks prior to the arrival of the transferred fund should be borne by registrants themselves. Please make sure to indicate the name of the Conference “3APFA” and the registrant’s full name on the bank transfer, scan or fax to the Forum Secretariat a copy of the receipt of the bank transfer and keep a copy for your own record.

***If you would like to send us US dollar, please instruct your bank to use the following payment routing information.***

U.S. Intermediary Bank	Wachovia Bank, N.A. New York International Branch
SWIFT	PNBPUS3NNYC
Beneficiary's Bank in China	Agricultural Bank of China, Shanghai Branch, Xuhui Sub-Branch
SWIFT	ABOCCNBJ090
Beneficiary's A/C	033924-00801088453
Beneficiary's Name	Shanghai Institute of Materia Medica, Chinese Academy of Sciences
Beneficiary's Address	294 Taiyuan Rd., Shanghai 200031, China

***If you would like to send us Euro, please instruct your bank to use the following payment routing information.***

U.S. Intermediary Bank	Deutsche Bank, Frankfurt
SWIFT	DEUTDEFF
Beneficiary's Bank in China	Agricultural Bank of China, Shanghai Branch, Xuhui Sub-Branch
SWIFT	ABOCCNBJ090
Beneficiary's A/C	033924-00801088453
Beneficiary's Name	Shanghai Institute of Materia Medica, Chinese Academy of Sciences
Beneficiary's Address	294 Taiyuan Rd., Shanghai 200031, China

**Bank Draft** should be made payable to “Asian Journal of Andrology” and sent to following address: Asian Journal of Andrology, 302 Room, 16 Building, 294 Tai-Yuan Rd, Shanghai 200031, China. (According to Bank of China regulations, there is handling charge of RMB70 for each draft, the cost of which should be borne by the registrant. Draft with stick is invalid. Please inform the secretariat when the bank draft is sent out.)

## Accommodation Information

Several conveniently located hotels close to the conference venue, the International Conference Hotel Nanjing, will be offered. For detailed information, please refer to the second announcement or pay close attention on the Forum website (<http://www.asiaandro.com/3APFA>).

Room	Class	Rate (RMB)	Distance
Zhongshan Building (Executive Room)	Five star	1100	Venue  1 km away from the venue. RMB10 by taxi from venue to the hotel 3 km away from the venue. RMB15 by taxi from venue to the hotel
Zijing Building (Deluxe Room)	Five star	830	
Lijing Building (Senior Room)	Four star	590	
Standard Room	Three star	450	
Standard Room	Three star standard	350	

1. All above accommodation fee depends on the fluctuation of RMB (renminbi) currency. Please consider RMB as the best payment currency. If you would like to pay in USD, the exchange rate will be measured at the same day when you paid by bank or by bank draft. For example, RMB 1100 is equal to USD 160.936 (if the exchange rate is 6.835).
2. The room rates above are quoted per room per night and may be changed depending on the economic situation.
3. Breakfast is included in the rate.
4. All rates include 10% service charge and 10% Gov. Tax.
5. The reservation must be accompanied with one-night deposit by bank transfer or bank draft in order to guarantee your reservation.
6. Please note there is no refund for the one-night deposit.
7. All rooms support the free internet access.

## Pre- and Post-Tours Information

The pre- and post-tours of interesting spots in Nanjing and adjacent cities will be provided. A tour information desk will be set near the registration desk during the meeting. We hope that you enjoy your time in China. Below is the part of tours information. More details, please visit Forum website at <http://www.asiaandro.com/3APFA>.

- Program 1: Visit Dr. Sun Yat-sen's mausoleum (Half day trip)

It is one of the most interesting modern Chinese monuments and, among Chinese tourists, one of the most popular. After dinner visit Confucius Temple of Nanjing.

Price: RMB 270/person

- Program 2: Visit The Presidential Palace (Half day trip)

The site was once the Marquis of Guide's Palace and Prince Han's Palace in early Ming Dynasty. # General Information

**Date** 10–13 October 2009

**Language** English

**Venue** International Conference Hotel Nanjing, a 4-star Hotel is located at the green forested east suburb of Nanjing, China at the foot of the Purple Mountain scenic area. It's a 4-star standard tourism hotel which own the best conference condition and the best scenery of Nanjing. For details, please visit 3APFA website at <http://www.asiaandro.com/3APFA>.

**Official Invitation and Visa** If you need an individual invitation to the 3APFA, please click the “Invitation Request” button when you go through 3APFA online registration. An official invitation letter will be issued to those who have completed the registration. However, this invitation implies no obligation, financial or otherwise, by the Forum. The 3APFA is not able to contact embassies or consulates on behalf of any individual wishing to enter China to attend the 3APFA in Nanjing. The invitation letter is for each petitioner's individual use only and is nontransferable. The organizers will not issue blanket, group or family letters, or letters for individuals under the age of 18. With the invitation letter, you can go to the nearest Chinese Embassy or Consulate to apply for entry visa(s). To allow ample time for a successful visa application, you are kindly requested to complete the final Registration before the deadline (September 30, 2009). If any problem arises, please contact the Secretariat of the Forum for assistance.

**Insurance** The local Organizing Committee will accept no liability for personal injuries sustained by or for loss or damage to property belonging to congress participants, either during or as a result of the congress or during all tours. It is, therefore, recommended that participants arrange their own personal health, accident and travel insurance.

**Climate** Nanjing has a temperate climate under the influence of East Asia Monsoon. Seasons are distinct in Nanjing, with usually hot summers and plenty of rainfall throughout the year. Nanjing's average annual temperature is 15 degrees Celsius (59 Fahrenheit) and the annual average rainfall is 1106 mm. October is the best month to visit Nanjing. Travelers can beat the summer heat, avoid the cold of winter, and stay dry from the spring showers. People are often seen wearing jeans, shirts, light pullovers and carrying jackets.

**Currency Exchange** In China, only RMB is used. However, exchange centers can be found at airports, most hotels and large shopping centers. When exchanging money, please keep your receipt by which you can change

any remaining RMB back to foreign currency when leaving China. Visa, Master, American Express, Diners Club, JCB, and other credit cards are accepted in many department stores and hotels. But it might be difficult to draw cash with credit cards. The Bank of China and most hotels can cash travelers cheques issued by any foreign bank or financial institution. Participants will need to show a passport and pay a 0.75 percent commission. Travelers cheque signed over to a third party cannot be cashed in China, but can be presented for collection through the Bank of China.

**Electricity** Standard voltage in Nanjing is 220 volts.

**Cancellation and Refund Policy** Cancellation must be notified in writing to the secretariat. Please refer to the following cut-off date for cancellation. All refunds will be made after the Congress for administrative reasons. Bank charges will be deducted from the refunded amount.

Cancellation received by the Secretariat	Before August 15, 2009	After August 15 and before September 1 2009	After September 1, 2009 and before September 20, 2009	After September 20, 2009
Registration fee	20% charged	30% charged	70% charged	No refund

## Transportation

from Railway Station to hotel approx RMB18  
from Airport to hotel approx RMB150

# Introduction to Related Organizations

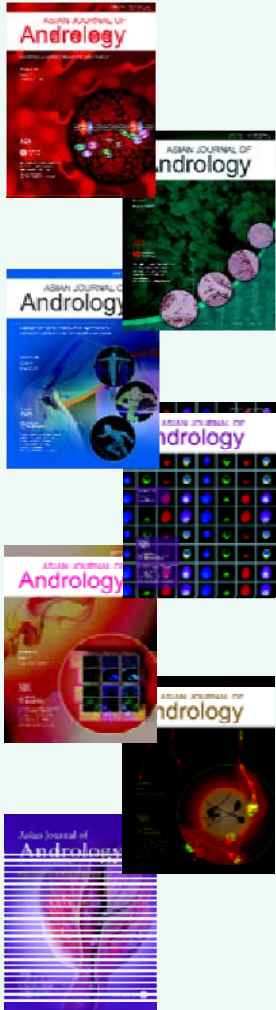

## About Asian Journal of Andrology

Asian Journal of Andrology (AJA), the official journal of the Asian Society of Andrology, is jointly sponsored by the Shanghai Institute of Materia Medica, CAS and Shanghai Jiao Tong University. It is bimonthly published in English. Started its publication in June 1999, AJA will delightedly celebrate the 10th Anniversary in 2009.

AJA is aiming at the promotion of andrological research and the enhancement of academic exchange between western and Asian andrology. With such an international perspective, AJA welcomes contribution from any corner of the world on all areas of andrology and is distributed worldwide. Fields of particular interest to the journal include, but are not limited to: Male reproductive health; Cellular and molecular mechanism of sperm biology; Anatomical and functional studies of male reproductive system; Male infertility; Male ageing; Male sexual dysfunction; Prostate diseases; Environmental, life style and genetic factors and men's health, *etc.* The recent Impact Factor of AJA is 1.609 and ranks third among the international andrological journals, as indicated by the Journal of Citation Reports (JCR), Institute for Scientific Information, USA. All manuscripts must be submitted online. For detailed information please visit AJA's website at [www.asiaandro.com](http://www.asiaandro.com) or [www.nature.com/aja](http://www.nature.com/aja).

## About Shanghai Institute of Materia Medica, Chinese Academy of Sciences

Shanghai Institute of Materia Medica (SIMM), Chinese Academy of Sciences (CAS) evolved from the Institute of Materia Medica of Peking Academy of Sciences founded in 1932. SIMM's mission is to provide a comprehensive solution in drug discovery and development. By combining basic and applied research efforts and through cross-fostering between chemistry and biology, scientists at SIMM carry out studies toward the elucidation of the structural basis of bioactive substances, discovery of new targets or mechanisms of action, comprehensive pre-clinical evaluation of drug candidates, and promotion of commercialization, thereby playing an indispensable role in building China's drug innovation capabilities. Through several generations of effort, SIMM has become one of the leading interdisciplinary research centers in China. It is recognized worldwide by its outstanding achievements in both basic and applied research fields. More information is available at <http://www.simm.ac.cn/English/English.htm>.

## About Shanghai Jiao Tong University

Shanghai Jiao Tong University (SJTU), directly subordinate to the Ministry of Education, is a key university and one of the oldest Universities in China, jointly run by the Ministry and Shanghai Municipality. A number of disciplines in SJTU have been advancing towards the world's first-class level, such as communication and electronic system, naval architecture and ocean engineering, automatic control, composite materials, and metal plasticity processing. Today SJTU boasts 20 academic schools, such as the schools of Naval Architecture and Ocean Engineering, Life Science and Technology, Pharmaceutics and Medicine. Among them, Shanghai Jiao Tong University School of Medicine came from the incorporation of Shanghai Secondary Medical School and Shanghai Jiao Tong University in 2005. With 50 years of rapid development, the school has become a state-of-the-art medical school consisting of almost all disciplines, a strong faculty, remarkable academic achievements, and comprehensively developed clinical teaching and research facilities. The whole school system includes 18 colleges, 7 affiliated general hospitals and 15 teaching hospitals. More details, please visit <http://www.sjtu.edu.cn/english/about/index.htm> and <http://www.shsmu.edu.cn/>.

## About Nanjing Medical University

Nanjing Medical University (NMU) consists of two campuses: Wutai Campus and Jiangning Campus, and comprises of 14 schools. Currently a comprehensive university with the disciplines of Medicine, Pharmacy, Nursing, Biology, Management and Law, Nanjing Medical University enjoys high reputation at home and abroad. The university has 3 post-doctoral stations, 35 disciplines to confer doctoral degrees, and 55 disciplines to confer master's degrees. At the university, there are 3 state key disciplines, 11 provincial key disciplines, 1 state key laboratory breeding base, and 12 key laboratories and research centers at ministry level or supported by the provincial government. Among the above laboratories, the key laboratory of reproductive medicine is the first discipline to confer doctoral degree of reproductive medicine in China. NMU also takes an active part in extensive exchanges with higher educational institutions at home and abroad. More information is at <http://www.njmu.edu.cn/English>.

完美缔造第**4**级勃起硬度  
**不可挡**

### IVF专用培养箱（水套式个人型）

1. 多种型号可以提供培养，真正的实现“个人”的培养。
2. 适合于单独的培养易感染的样品的培养，最大的程度减少了交叉感染的风险。
3. 多种的气体可以提供选择，进行O2 N2 CO2的培养，是进行IVF的理想的配套设备。
4. 多个小门的选择，为用户提供了更为方便的管理。
5. 自动设定ASF系统能够确保自动校准，自动清零，保护温度和浓度的准确性。
6. 高性能的数字管理系统能够准确的管理和设定CO2的浓度，腔室的温度以及独立加热的门的温度，方便各种程序的自动校准和客户提示功能，准确的报警程序的设定，保证培养环境的安全性。

### 玻璃化冷冻系列

#### 一、冷冻液和载杆 (VITRIFICATION MEDIA & CRYOTOP)

1. 平衡液 (ES: Equilibration Solution) 4.5ml/支
2. 冷冻液 (VS: Vitrification Solution) 4.5ml/支
3. 载杆 (CRYOTOP) 标准附带保护套  
标配5根，有红黄蓝绿白5种颜色可选择  
每根载杆建议最多放两个胚胎

#### 二、解冻液 (THAWING MEDIA)

1. 解冻液 (TS: Thawing Solution) 4.5ml/支
2. 稀释液 (DS: Diluent Solution) 4.5ml/支
3. 清洗液1 (WS1: Washing Solution1) 4.5ml/支
4. 清洗液2 (WS2: Washing Solution2) 4.5ml/支

### 超静工作台 (ASTEC综合式生物工作站)

AT系列 体式显微镜  
定制的带体式显微镜的工作镜台  
透射光及斜射光可控，调节方便  
内置于光源平台中的透明组合加热量

AIM系列 倒置式显微镜  
内置式倒置显微镜  
工作镜台可装配倒置显微镜及微处理系统  
工作镜台下方可安装减震器

一般特征  
清洁的环境  
平式工作镜台  
镜台所有区域温度可控，用户可根据需要设置  
镜台下面带显微镜和防震系统  
可应用于教学领域  
将显示微视野内容投射于大屏幕上，应用于教学  
显微镜工作最优化  
气流及射灯可控  
可定制生物工作站与操作室之间的通道

# SNNDA MEDICAL APPLIANCES & INSTRUMENTS

## Sharing Technology to Create Value Win-Win Cooperation

China-Wuhu Snnnda Medical Treatment Appliance Technology Co.,Ltd. is a cooperatively managed enterprise responsible for R & D, production, sale and distribution. Our product Shenghuan Disposable Minimally Invasive Circumcision Anastomosis Device™ enjoys independent intellectual property rights. With its high science and technology, the product can provide a safe, minimally invasive, quick and cosmetic results for our subjects.

This technique has been awarded 1 international patent, 3 national prizes for the Chinese inventions and 12 patent credentials of the new practical techniques. In particular, our product won a gold award in the Hong Kong International Fair of Technology in 2003 and are household name for its “First innovation at home, top class international” .

Our company holds firmly to the belief that “science and technology can create wealth” and acts on the tenets of “pioneering in innovation, scientific in management, united in cooperation to establish harmony, takes the demands in the markets as guidance, quality improvement and purpose of every consumer satisfaction as our commitment” , and thus we are constantly pursuing technical innovation to improve the quality of both our products and man-centered services, to promote scientific management practices for setting up the first class enterprise and spare no efforts to create best quality brand for the interests of human health and civilization and make contributions to the harmonious society.

Procedures	Traditional surgery	Shenghuan Disposable Minimally Invasive Circumcision Anastomosis Device
In-operation	Larger wounds and hard to manage	Minimal invasion and easy to manage
	Hard to stop bleeding due to too much of it by conventional surgery; Involved issues damage by laser approach and sutures are required	No bleeding and no requirement of sutures
	Severe pain	Less pain
	Time consumption: about 30min	Time consumption: between 3 and 5min
Post-operation	Requirement of antibiotics against infection	No requirement of antibiotics
	Contradicting to bath and confining to bed rest	Bathing is permitted and favorable to normal routines
	Scar is seen with irregular sutures and poor cosmetic results	Excellent cosmetic results
Results	Delayed post-operative bleeding in quantity	Rare post-operative bleeding
	Higher risk factors	No risk factors
