2nd EUROPEAN CONGRESS ON THE AGING MALE

Forming a coherent medical approach to healthy aging in the male

September 3rd-5th, 2009

Budapest, Hungary

Chairman: Bruno Lunenfeld (Israel)

The **2nd European Congress on the Aging Male** is a multi, interdisciplinary, international congress that aims to improve men's health in their aging years and their quality of life by promoting public awareness and medical knowledge, research and practice in the field. To this end, during a full scientific program, top scientists will provide the latest data to researchers and practitioners in the fields of urology, endocrinology, sexology, psychiatry, geriatrics, gynecology, dermatology and general practice with an interest in men's health and aging.

ESSAM 2009 Congress Highlights:

- Screening for endocrine deficiencies in the aging male
- Diagnosis and management of endocrine deficiencies
- Prevention, delay, and management of obesity, type 2 Diabetes, and the Metabolic Syndrome
- Sex and aging
- Nonmedical approaches to male health and aging
- Medical and nonmedical management of erectile dysfunction
- The aging skin in men and women
- Preventable malignancies

Join us in Budapest, "Queen of the Danube", a city steeped in history, culture and natural beauty!
