

# Special Issue on Men's Health & Erectile Function

January Issue, 2008, Asian Journal of Andrology (AJA)

## Guest Editors:

**Run Wang**, MD, FACS, Director of Sexual Medicine, University of Texas Medical School at Houston and MD Anderson Cancer Center, Houston, TX, USA

**Wayne JG Hellstrom**, MD, FACS, Chief of Andrology and Sexual Dysfunction, Tulane University Health Science Center, New Orleans, LA, USA

## Lists of Authors and Titles (subject to change)

- 1 Role of endothelial derived hyperpolarization factor in erectile physiology (Dr Trinity J. Bivalacqua, USA)
- 2 Gene and cell-based therapies for penile endothelial dysfunction (Dr Trinity J. Bivalacqua, USA)
- 3 Do lifestyle changes work for improving erectile dysfunction? (Dr M. Kendirci, Turkey)
- 4 Current strategies on evaluation and management of intersex disorders (Dr Ahmet Resit Ersay, Turkey)
- 5 Medical management of Peyronie's disease (Dr Laurence A. Levine, USA)
- 6 Ventral phalloplasty: surgical technique and indications (Dr Rafael E. Carrion, USA)
- 7 Penile rehabilitation after radical prostatectomy: rationale and strategies (Dr Andrew R. McCullough, USA)
- 8 Global epidimiology of sexual transmitted disease (Dr Carlos T. Da Ros, Brazil)
- 9 Emerging neuromodulatory molecules for the treatment of neurogenic erectile dysfunction caused by cavernous nerve injury (Dr Anthony J. Bella, USA)
- 10 Premature ejaculation: current pharmacotherapy and the future (Dr Levent Gurkan & Dr Wayne JG Hellstrom, USA)
- 11 Endocrine disruptors and their estrogenic effects on male reproductive axis—a mechanistic approach (Dr Suresh C. Sikka, USA)
- 12 Robotic varicocelectomy (Dr Run Wang, USA)
- 13 Combination therapy for male erectile dysfunction and urinary incontinence (Dr O. Lenaine Westney, USA)
- 14 Erectile function after urethral reconstruction (Dr Allen F. Morey, USA)
- 15 NADPH oxidase: recent evidence for its role in erectile dysfunction (Dr Liming Jin & Dr Arthur B. Burnett, USA)
- 16 Hypercholesterolemia and ED (Dr Craig F. Donatucci, USA)
- 17 Effects of phosphodiesterase-5 inhibitors on semen quality (Dr Nikolas Sofikitis, Greece)
- 18 Surgical treatment of Peyronie's disease: choosing the best approach to improve patient satisfaction (Dr Paulo Egydio, Brazil)
- 19 Late onset hypogonadism: diagnosis and therapeutical options (Dr Mustafa Usta, Turkey)
- 20 Insights of priapism mechanism and rationale treatment for recurrent priapism (Dr Jihong Yuan, USA)
- 21 Common approach to manage LUTS and ED (Dr Jennifer Taylor & Dr Run Wang, USA)

Looking forward .....
