online registration opens October 28, 2020

to receive your ZOOM invitation code by email to join the interactive 3 day LIVE online event!

The coronavirus pandemic has challenged us all to come up with new ways of doing things; - the GURS Masterclass is no exception! An unprecedented number of **20 distinguished GURS Experts** have joined the effort to make the 14th-GURS Masterclass happen, this year, as a virtual conference hosted by ZOOM!

We will discuss most complex and contemporaneous topics affecting patients requiring urgent Genitourinary Reconstructive Surgery despite the overwhelming events related to COVID-19 reducing access to healthcare services.

Conference Registration is through our new GURS-Masterclass conference registration platform
<https://auca.arlo.co>

You automatically will receive an email with the **Zoom invitation code for the LIVE event 4-6 November, 1 pm (GMT)**. In addition, registered course delegates will have access to all previous year's excellent GURS Masterclass recordings.

This is the first Virtual LIVE GURS-Masterclass in association with the International Society of Genitourinary Reconstructive Surgeons (GURS), The British Association of Genitourinary Reconstructive Surgeons (BAGURS), The International Society of Reconstructive Urology (ISORU) and the Asian Journal of Andrology (AJA).

Unusual times require unusual measures!

I look forward to meeting you 4-6 November 2020 at 1pm (GMT)

- LIVE ONLINE!

Daniela Andrich MD MSc FRCS
