

# Meet Guest Editors

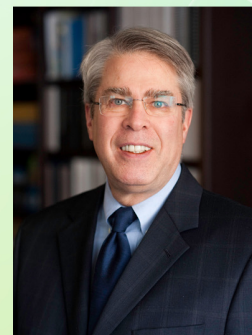

**Dr. Howard R Soule** Ph.D, Executive Vice President and Chief Science Officer, Prostate Cancer Foundation (PCF).

Howard R Soule coordinates global academic, government and biopharmaceutical sector research activity and is responsible for the implementation of PCF global research strategies, including the founding of PCF China. He is also a member of the Department of Defense Prostate Cancer Research Program Integration Panel.

Prior to joining the PCF in 1997, Dr. Soule was a senior R&D executive for nine years at Corvus International Inc., a public biotechnology company. He was responsible for the discovery and development of innovative products for the treatment of life-threatening cardiovascular diseases. Dr. Soule has considerable experience in medical diagnostic and device industries as well.

Dr. Soule received a Ph.D from Baylor College of Medicine in virology and epidemiology, and was a postdoctoral fellow in immunology and vascular biology at the Scripps Research Institute.

## Relation to AJA:

*"My affiliation with AJA began in 2012, when I was invited by Editor-in-Chief, Prof. Yi-Fei Wang, to act as the co-guest editor, along with Prof. Yinghao Sun of Second Military Medical University, for a special issue on the 6<sup>th</sup> Forum of Prostate Disease. Since then, I have supported a scientific exchange between prostate cancer researchers around the globe by contributing to this prestigious journal."*

**Prof. Yinghao Sun** Ph.D in Medicine, Ph.D Supervisor, the Chief Scientist of 973 programs. He is currently the President of Second Military Medical University, the Director of the urologic Department of Shanghai Changhai Hospital and the Institute of Prostatic Disease, PLA.
